### Planting flowers? Read this reminder!

Section 4 of our rules and regulations detail the privileges and restrictions for lot owners. Make sure when planting flowers at your loved ones graves you are following the rules and regulations. During mowing season, our staff reserve the right to remove any planting and decorating violations.

## Cemetery Cutting Schedule

**When it rains, it pours?** Isn't that what they say? If the consistent rain this spring wasn't bad enough, this summer we are down equipment. We have mowers that are out to be repaired, parts that are on backorder, and new weed whackers that are still on order (awaiting a delivery date).

Please bear with us. Our main focus is digging for upcoming burials, mending graves that need loam and pouring foundations, followed by cutting/weed whacking, and repairing damaged stones.

If you are curious if your section has been cut recently, please see the map on the office door. Jonathan and his crew is updating it on a daily basis. In real time you will be able to see what sections have been cut, what sections have been weed whacked, and what they are still working on.

## Where is the cemetery office located?

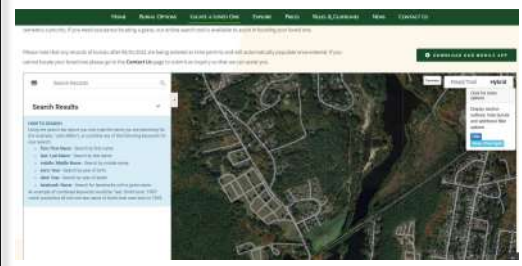

We often get asked, 'where are you?' when someone has to come visit the office. About 2 years ago, after the closing of All Saints Parish, the business office of St. Charles and St. Stanislaw Cemetery was moved into empty office space at Good Shepherd Catholic School on Mendon Rd. **Why you may ask?** Since St. Joseph's took over as administrator of the cemetery, and All Saints was no longer an option, we needed to find a space where we could house records, print deeds, and do all the day to day business for the cemetery. Unfortunately the garage at the cemetery has very little room for this type of thing, and St. Joseph's is just about out of additional office space. Luckily for us the school had one extra office that was not being used and is perfectly located near the front door.

We recently installed our very own Ring doorbell, so now if you need to visit the cemetery office you can come directly to the front of the building and ring the bell!
